

Gerber HoloGraphix™

Holographic Pattern Materials

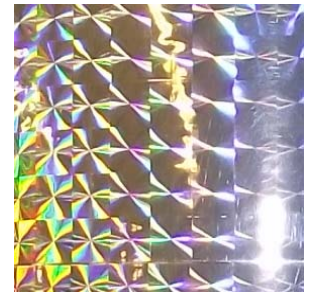

Gerber Holographix™ materials create attention-grabbing GERBER EDGE graphics. 3.6 mil Gerber Holographix films are available in four distinct patterns, including new “Water Drop,” mirror-finish color-shifting “Silver Sheen,” prismatic “Kaleidoscope” and exciting “Mosaic.” Each pattern creates a spectrum of color that adds dynamic visual effects to your graphics. Holographix films are recommended for interior use.

Matched Technology System™

Gerber Holographix films are part of Gerber’s Matched Technology System™, which includes the GERBER EDGE™-series of thermal transfer printers, a full spectrum of spot color and CMYK GerberColor™ resin-based outdoor durable pigmented foils, 25+ EDGE Ready™ printable and cuttable vinyls, films and materials, GS Plus™-series and enVision™ vinyl cutters for creating cut-vinyl graphics and contour-cuts around EDGE graphics, and GERBER OMEGA™ design and output software. Holographix films are compatible with the entire family GerberColor Foils, but can be combined with GerberColor Transparent (GCT) foils to allow the holographic patterns to sparkle through the transparent colors for truly spectacular results!
